

Are you a person with Parkinson's Disease?

We invite you to participate in a research study examining how playing musical instruments may improve upper-limb motor function!

WHO CAN PARTICIPATE?

- Diagnosed with idiopathic PD (H&Y I-III)
- Able to participate during ON medication state
- Able to do non-invasive brain recordings (No DBS)
- No cognitive impairments and other neurological disorders
- Able to attend in-person (University of Toronto & Baycrest)

STUDY INCLUDES

- 7 visits in total (~4 weeks)
- 6 Individual neurologic music therapy sessions (3/week)
- 3 Assessments (some completed on the same day as a therapy session)
- \$30 compensation upon completion of the full study
