

# Core Outcome Set for Dysphagia Interventions in Parkinson's disease: the COS-DIP Study

## Are you...

...a **healthcare professional** working with people with Parkinson's disease and dysphagia?

...a **researcher** conducting research in the field of Parkinson's disease and dysphagia?

...a **person living with Parkinson's disease** and experiencing swallowing difficulties?

...a **family caregiver or family member** of a person with Parkinson's disease and swallowing difficulties?

What is important to YOU when deciding if a swallowing treatment works?

Let us know by taking part in this three round online Delphi survey.

Each round will take less than 15 minutes to complete.

Scan this QR code to access the survey
